

MULLA AFREEN

Andhra Pradesh, India | +91 6301655895 | mullaafreen999@gmail.com

PROFESSIONAL SUMMARY

B.Tech Computer Science student with a strong foundation in data analytics, programming, and problem-solving. Skilled in Python, SQL, Power BI, and Tableau for data analysis and visualization. Hands-on experience in applying data structures and algorithms to solve analytical and logical problems. Actively seeking entry-level roles in data analytics and IT where technical and analytical skills can contribute to business-driven decision-making.

TECHNICAL SKILLS

Programming: Python, Java, C, HTML, CSS

Data Structures & Algorithms: Arrays, Strings, Linked Lists, Stacks, Queues, Searching, Sorting, Recursion, Time & Space Complexity

Data Visualization: Tableau, Power BI, Excel

Databases: MySQL, DBMS, RDBMS

Data Analytics: Data Cleaning, Data Analysis, Dashboard Creation, SQL Query Optimization

Soft Skills: Problem-solving, Critical Thinking, Decision-making, Adaptability, Time Management

EDUCATION

B.Tech in Computer Science

Ravindra College of Engineering for Women, Kurnool (2022–2026)

CGPA: 8.3

INTERNSHIP

AI–Data Quality Analytics Intern – Rooman Technologies (May 2025 – July 2025)

- Conducted data quality assessments using AI-driven tools to identify inconsistencies.
- Developed automated workflows to improve data accuracy and integrity.
- Applied logical validation techniques and algorithmic thinking to enhance data reliability.

PROJECTS

Tourism Trends Analysis – Data Analytics Project

- Analyzed 500,000+ tourism records using Python and SQL to identify seasonal and regional trends.
- Implemented sorting and filtering techniques to rank destinations and visitor patterns.
- Used Pandas and NumPy to handle missing values and outliers.
- Developed an interactive Tableau dashboard for data-driven insights.

Rock–Paper–Scissors Game

- Developed an interactive game using HTML, CSS, and JavaScript.
- Implemented conditional logic and control flow for result evaluation.
- Strengthened logical thinking and algorithmic decision-making.

CERTIFICATIONS

- Certified System Administrator – ServiceNow
- Certified Application Developer – ServiceNow
- Introduction to Data Analysis
- Introduction to T-SQL – Infosys Springboard

STRENGTHS

- Strong analytical mindset
- Data visualization and dashboard development
- Logical problem-solving using DSA concepts
- Time management and adaptability
